

Grade 3

Life Science:

Plant and Animal Extinction

- Ancestry
- Diversity
- Environment
- Organism
- Evidence
- Fossil

Fossils

- Data

Survival of the Fittest

- Characteristics
- Individual
- Mate
- Species
- Variation
- Reproduction
- Survival

Adaptations

- Habitat
- Adaptation
- Survive
- Predator
- Prey

Environmental Changes and Effects

- Physical Characteristics
- Population
- Resources

- Interaction

Life Cycles

- Existence
- Life Cycle

Social and Group Behavior

- Defense
- Function
- Group Member

Inheritance and Variation of Traits

- Inherited Information
- Trait
- Variation
- Organism

Environmental Traits

- Characteristics
- Diet
- Environment
- Explanation
- Organism

Physical Science:

Objects and Motion

- Balanced Force
- Direction
- Force
- Net Force
- Object
- Pattern
- Strength
- Unbalanced Force
- Motion

Electric and Magnetic Forces

- Electric
- Forces
- Interactions
- Magnet
- Magnetic
- Orientation
- Property
- Relationship
- Distance

Earth and Space Science:

Weather and Climate

- Climate
- Extent
- Prediction
- Range
- Weather
- Pattern
- Data

Processes and Impacts of Natural Hazards

- Design Solution
- Impact
- Merit
- Natural Processes
- Natural Hazards
- Weather related Hazards
