

6th Grade

Physical Science

Sensor

Eye

- Rods
- Cones
- Retina
- Lens
- Pupil

Scatter

Reflect

Transmit

Absorb

Non Visible Light

- Infrared light
- Ultraviolet light

Intro to Chemistry

Matter

State of Matter

- Solid
- Liquid
- Gas

Phase Change

- Melt
- Freeze
- Evaporate
- Condense
- Sublimate

Compress/Expand

Atoms/Particles

Molecules

Element

Property

Life Science

Observation

Interaction

Organism

Environment

Population

Food Web/Chain

Invasive Species

Ecosystem

Earth Science

Reservoir

Infiltration

Weathering

Erosion

Deposition

Volcanic Eruption

Uplift
